The ARION PIANO-FORTE has Greater Power than any other Piano-Forte manufactured.

The construction of the WREST PLANK, into which the Tuning Pins are inserted, is such that it is impossible for the pins to become loosened, or the Wrest Plank itself to split, as is too often the case in other Piano-Fortes.

TO PHYSICIANS.

New York, August 15th, 1868. Allow me to call your attention to my PREPARATION OF COMPOUND

EXTRACT BUCHU.

The component parts are BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES.

MODE OF PREPARATION.

portion of s, irit It is more palatable than any now in usc.

Buchu, as prepared by Drugg'sts, is of a dark color. It is a plant that emits its fragrance; the action of a flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopæa, nor is it a Surup—and therefore can be used in cases where fever or inflammation exist. In this, you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation,
With a feeling of confidence,
I am, very respectfully, H. T. HELMBOLD, Chemist and Druggist, of 16 Years' Experience.
